Gro SnugReviewed by: TheBBELisa CReview of the Gro snug I was offered the chance to review the new Gro snug which is the newest product that The Gro Company have come up with to help parents and babies get more sleep. I had a new baby due in July that I would be working with from newborn so decided that she would be the perfect little one to test it out... The Gro-snug is a revolutionary new 2 in 1 swaddle and newborn Gro bag It literally grows and can be adapted with your baby once they are ready to progress from being fully swaddled, to having their arms out. There are poppers (press studs) that keep the arms in so it can be used as a swaddle, giving her the security of being cuddled without her newborn startle reflex waking her up, but with still enough movement for your little one to move their arms around inside the swaddle. Once you feel she is ready to progress to having her arms out of the swaddle you can make it a gradual transition by doing one arm at a
